

SYB Acute Federation

An update to
Sheffield HCP Board
11 December 2023

The Acute Federation is made up of the five acute NHS Trusts in South Yorkshire

We will use our collective expertise and resources to ensure the people of South Yorkshire & Bassetlaw have prompt access to excellent healthcare through:

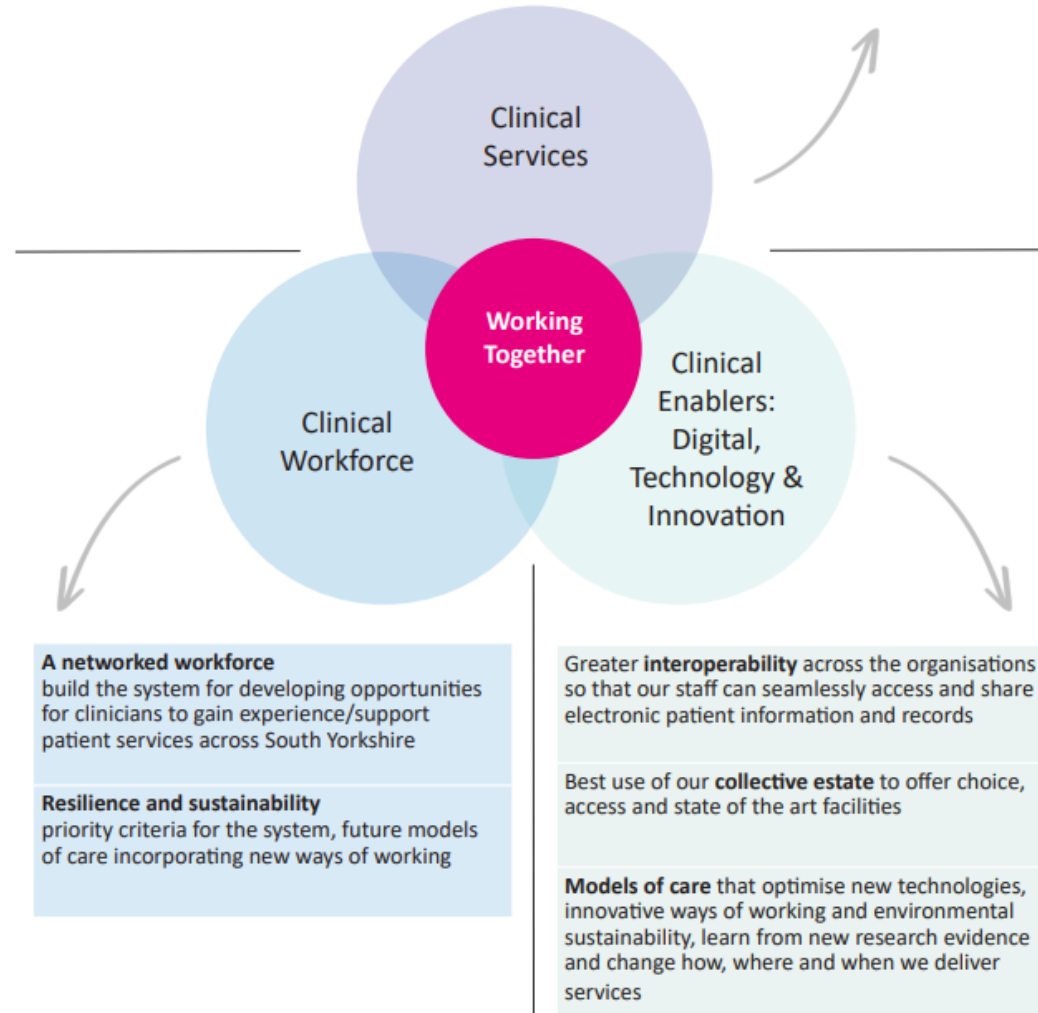

1. **Elective & Diagnostic recovery** – Recover elective and diagnostic services and reduce waiting times for patients
2. **Clinical strategy** - Reduce unwarranted variation in care pathways, address inequalities in access and improve resilience and efficiency
3. **Innovative commissioning and financial models to improve efficiency and value for money** – Explore opportunities for collective financial improvement and integrated commissioning
4. **Flagship national innovator scheme: acute paediatrics innovator project** – Accelerate delivery of collaborative model for acute paediatric services as part of NHS England’s national innovator scheme
5. **Engagement to drive collaboration**

SYBAF Clinical Strategy – 5 Year Vision

Services at different hospitals across South Yorkshire play complementary roles as part of an acute federation collaborative model	Shared care to be developed further across primary and secondary care including Mental Health services. Everyone is clear on the contribution secondary care can make to prevention of ill-health	Life stages recognised as an important framework for end to end pathways, to support more proactive planning and working
Patients experience high standards of care , no matter which hospital they attend; with constant energy on driving down unwarranted variation across the system	Standardisation for better outcomes and patient experience , and taking action on health inequalities	Patients can move seamlessly from one hospital to another in order to access specialist care or faster treatment

Enabling clinically-led standardisation of best practice acute care across SYB

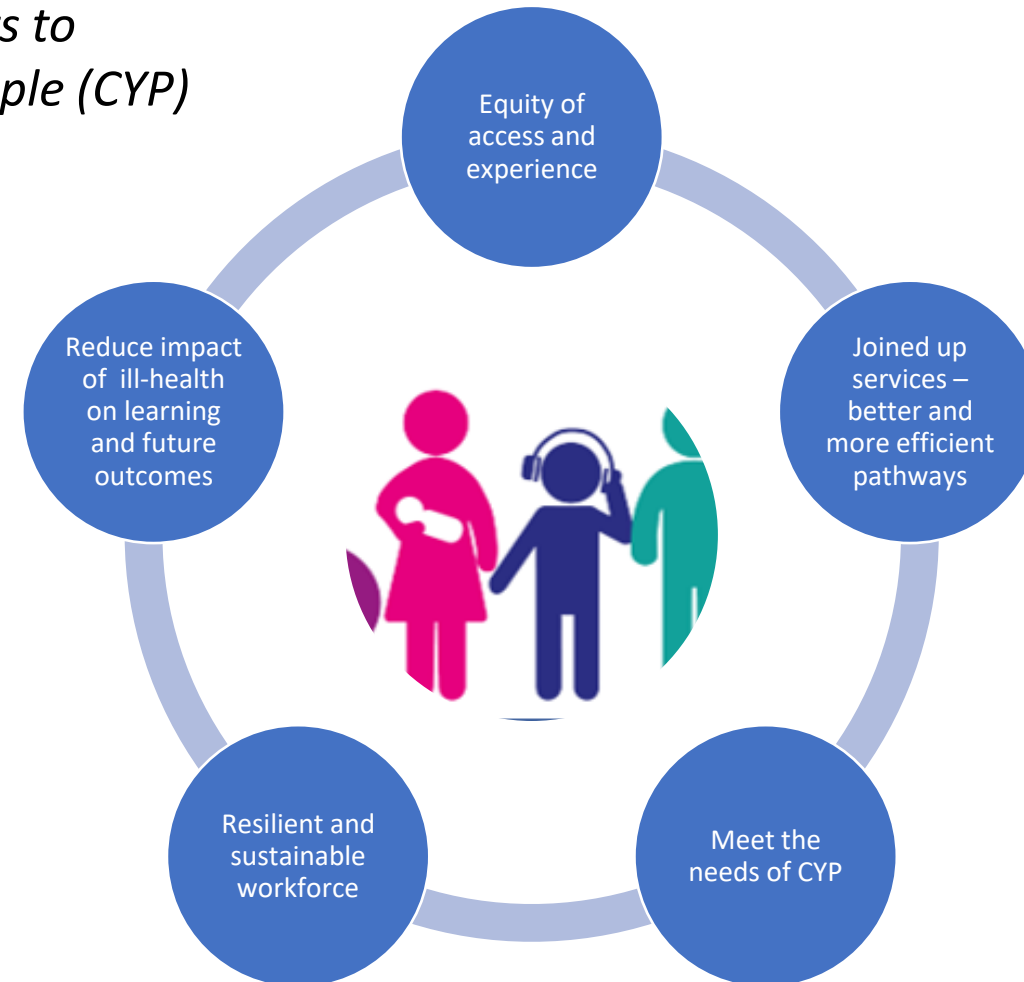

Delivering more coordinated care through maximising the opportunities for our collective workforce

Maximising digital transformation and partnership approaches to innovation

Acute Paediatric Innovator: The Why

A unique opportunity to work collaboratively as one of nine innovators to transform care and pathways for the 445,000 children and young people (CYP) living in South Yorkshire and Bassetlaw (SYB).

Our Shared Mission with a partnership approach

To work collaboratively to transform care and outcomes for the children and young people (CYP) living in South Yorkshire and Bassetlaw.
