Purpose of Paper	
<p>The purpose of this paper is to act as a cover paper for the latest working draft of the initial Five-Year NHS Joint Forward Plan for South Yorkshire to enable consideration by the Partnership. This is provided in conjunction with the update paper provided for the public (please refer to appendix Ai/Aii).</p> <p>South Yorkshire Integrated Care Partnership (23 May) meeting setting out the national expectations for Joint Forward Plans, our engagement approach with citizens, patients and carers and how we have worked together taking a distributed leadership approach to develop our draft Joint Forward Plan for South Yorkshire.</p> <p>Joint Forward Plans (JFP) are expected to set out how Integrated Care Boards together with their partner NHS Trusts will arrange and provide NHS services to meet both the physical and mental health needs of their local population, aligned to local joint strategic needs assessment and Health and Wellbeing Strategies.</p> <p>The guidance is clear that systems are to use their Joint Forward Plan as a shared delivery plan for their Integrated Care Strategy, setting out the NHS contribution. The expectation is that year one is closely aligned to operational planning submissions for 23/24. Our NHS Operational Plan for South Yorkshire for 2023/24 has been submitted to NHS England.</p> <p>The draft plan has been coordinated by a Joint Forward Plan Coordination Group through which we have brought together leads from our places, provider collaboratives and alliances and taken a distributed leadership approach.</p>	
Key Issues
