<b>Purpose of Paper</b>	
<p>On 4 April 2023 the Department of Health and Social Care published the 2023 to 2025 <a href="#">Better Care Fund Planning Requirements</a> setting out the core requirements included the development of a narrative plan explaining current programme delivery against local objectives, explanation of local structures and governance and confirmation of agreed expenditure in compliance with the requirements of the fund.</p> <p>System partners have supported the development of the attached plan that was submitted to for NHS England feedback on 23 May 2023. The draft was shared 13 June at the Health and Care Partnership Board for noting and comment. The final plan incorporated all changes from NHS England and wider partner feedback.</p> <p>The Plan for 2023/25 includes over £493m of services commissioned and delivered locally. The Sheffield Better Care Fund plan continues to be co-produced by the Sheffield Place of South Yorkshire ICB and Sheffield City Council with system partners including Providers across the Health and Social Care sector, Voluntary Community and Social Enterprise Sector representatives and Local Authority wider than core adult social care areas including Locality Teams, Housing and Disabled Facilities Grant leads. The plan is focused on key priority areas that have been identified through the Joint Strategic Needs Assessment (JSNA) and Health and Wellbeing Plan which supports our ambitions for every adult in Sheffield to have:</p> <ul style="list-style-type: none"> <li>• Access to a home that supports their health</li> <li>• A fulfilling occupation and the resources to support their needs</li> <li>• The ability to safely walk or cycle in their local area regardless of age or ability</li> <li>• Equitable access to care and support shaped around them</li> <li>• The level of meaningful social contact that they want</li> <li>• The end of their life with dignity in the place of their choice</li> </ul> <p>The plan's submission date was 28 June 2023. Due to the timescales an extra ordinary Health and Wellbeing Board Briefing session took place on 16 June 2023. The draft plan was shared with members for comment following on from the update briefing on the requirements of the Better Care Fund Planning Guidance 2023/25. The plan was formally</p>	

approved by the Chair on 27 June 2023 and submitted to NHS England on 28 June to meet the national timelines. Following submission NHS England requested some clarifications on the plan that were sent back on 20 July as required for submission to the Regional Moderation Meeting taking place on Wednesday 26 July 2023.

The plan builds on 22/23 assured plan that was approved by the Board Chair in September 2022, noted by the Adult Health and Social Care Policy Committee in November, and formally approved by NHS England on 6 January 2023.
